## ABOUT 11th ELASIA-2026

11th ELASIA- 2024 Exhibition will be the podium to compare the best in the world to the best in India. The show will constitute an ideal platform not just for maximum exposure of cutting-edge products & services to key Electrical, Electronics, Lightings & Power sector players and top decision-makers but also for the kind of high-powered face-to-face business meetings and contacts that will take an organisation forward in leaps and strides.

Leading names in the Electrical, Lighting & Power world are going to be present at this Exhibition. Starting from Manufacturers, OEM's, Suppliers & Distributors and Dealers will be consolidating brand image, exploring & expanding niche markets, establishing contacts and initiating deals.

## WHY EXHIBIT ?

- ▶ Showcase your latest products and services set to transform India's energy industry.
- ▶ Generate new business Leads.
- ▶ Network with industry leaders & potential buyers.
- ▶ Launch new products & services.
- ▶ Increase brand exposure.
- ▶ Engage with leaders and decision makers from across the sector.
- ▶ Demonstrate your products, services and solutions first-hand in a live environment.
- ▶ Meet with existing customers and gain access to a new range of potential clients.
- ▶ Conduct face to face meetings with a highly targeted and engaged audience.
- ▶ Return on investment.

## VISITORS PROFILE

- |   |   |   |
|---|---|---|
|  Distributors                               |  Engineers                           |  Educational Institutions          |

EXHIBITION AREA

## ABOUT ORGANISER

**Triune Exhibitors Pvt. Ltd.** has proudly completed 25 successful years, organizing over 60 industrial trade fairs of international repute. Founded in the year 2000, Triune has established itself as one of India's leading exhibition organizers, renowned for delivering excellence. Over the years, the company's exhibitions have gained recognition in both domestic and international markets, continuing its legacy of success.

Triune Exhibitors has played a pivotal role in creating landmark B2B exhibitions across key industrial sectors such as Plastics, Electrical & Electronics, Printing & Packaging, Automotive, Food and Agriculture to name a few. Some of their flagship events include **Plastfocus, Plastasia, Elasia and Print & Packtech World Expo**, etc., which serve as dynamic platforms for innovation, industry growth and networking.

### About Electrical Consultant's Association (ELCA)

The Electrical Consultant's Association (ELCA) was founded and registered in 1990 at Bangalore by a group of dedicated consulting professionals actively involved in the field of electrical consultancy.

- To create awareness amongst the electricity consumers towards a better and safer quality of electrical installation and provide a platform for interaction between the manufacturers and the end users by way of arranging technical seminars, workshops, exhibitions etc.
- Work with statutory authorities for relevant, safe and proper installation, considering the present trends in the design of the systems and development of electrical products.
- ELCA is a body having several experienced and recognised consulting professionals as its members. Many of its members have been associated with prestigious electrical projects in the public and private sectors.

### About Control Panel and Switchgear Manufacturers Association (COSMA)

COSMA was established in the year 1988 and since its inception, COSMA has witnessed remarkable growth with over 450 members, expanding its presence to 20 states in India and Union Territories. COSMA is driven by a vision of becoming a formidable Association with a vast network of 5600 members spanning across the length and breadth of India and establish it as the foremost Association representing Control Panel & Switchgear Manufacturers, not only in India but on a global scale.

At COSMA, we are driven by a set of core objectives that form the foundation of our organization. In our pursuit of excellence, COSMA aspires to establish an export union, facilitating our members in exploring and expanding their businesses on a global scale.
